OVERVIEW

Participation in the Clean Air Rule reporting process requires access to a Department of Ecology on-line application called the Clean Air Rule Reporting System (CARTS).

Access to CARTS requires authentication and verification with another state application called Secure Access Washington (SAW) which is administered by Washington Technology Solutions (WaTech).

First time users will be required to register for Ecology's Air Quality Application Portal to access CARTS.

Below are the steps to register for the portal.

Create or login to existing SAW account at <https://secureaccess.wa.gov/>

Apply for access to [Air Quality Application Portal](#) under Add a New Service tab.

Create one'. To the right of the login fields are four icons with labels: 'Retrieve User ID', 'Reset Password', 'Activate Account', and 'Missing Email?'. At the bottom right, there is a social media-style notification: 'Get cyber security news and alerts by following our Security Operations Center' with a Twitter icon."/>

Please note: SAW is a shared portal serving multiple state agencies. To get help with a service provided through SAW, please contact the sponsoring agency directly. Click the "Contact Us" button to view a list of agency contact information.

Service	Agency	Description	Status	Action
Air Quality Application Portal	Department of Ecology	Air Quality Application Portal Test	Active	Remove

Register New User

The first time you access the Air Quality Application Portal you are required to create an account, apply for access to one or more air quality applications, and select your affiliation to one or more facilities.

Your SAW user name, first and last name will be carried over from your SAW account. Full Name automatically fills with your first and last name. This is editable at any time with your preferred name. Example: if you are registered in SAW as Robert but you go by Bob, you can change that in the Full Name field. You can also add title and suffix. You cannot enter numbers in the Suffix field. For example, the 3rd would be entered in Roman Numerals = III.

When selecting your address Country, State, County, and City select those in the order presented. Each field is dependent on the previous field.

In the search box that opens with each of the **** Please Select **** fields you can type the first few letters and hit Enter on your keyboard to limit the results to those that contain that combination of letters.

Click save

CAUTION:

If you click any of the links at the bottom → before clicking save, you will lose your data.

[Home](#) [Customer Info](#)

Customer:

Congratulations, you have successfully completed the first step of the registration process.

- You may review and edit your work by clicking on the **Customer Info - My Info** link on the menu.
- Ecology will process your information and email instructions for proceeding to the next step.
- You will not be able to proceed with registration until you receive the email from Ecology.
- This process can take several days, so please be patient.

[Exit Application](#)

All you do now is exit and wait.

When your request has been reviewed and confirmed, you will be granted roles and access. At that time you will receive an email indicating such. The next time you enter the portal you can access CARTS. See CARTS guide to get started entering your emission reduction units, allowances, and renewable energy credits.

Trouble?

If you have any difficulty with this process, please contact Neil Caudill at 360.407.6811 or Neil.Caudill@ecy.wa.gov.
