Revised Code of Washington 70A.245

Chapter 70A.245 RCW

RECYCLING, WASTE, AND LITTER REDUCTION

Sections

- 70A.245.010 Definitions.
- 70A.245.020 Postconsumer recycled content.
- 70A.245.030 Producer reporting requirements.
- 70A.245.040 Penalties for postconsumer recycled content requirements—Penalty.
- 70A.245.050 Penalties for registration, labeling, and reporting.

- 70A.245.090 Department duties—Rule making.

RCW 70A.245.090(4) *The department may adopt rules as necessary to administer, implement, and enforce this chapter.*

Mission and Strategy

Our mission

Draft rule language by the end of 2022 that clarifies terms and requirements to comply with the PCR content law and is informed by affected stakeholder input.

Our strategy

Draft and revise rule in four parts over four meetings in 2022. Collect comments from advisory committee and the public via eComments.

Ground rules

- Articulate reasons for input
- Comment without argument
- Review draft language in advance
- Remain in-scope
- Clearly communicate to other stakeholders
- Share materials as DRAFTS

Rule vs. Guidance

Rule

- Limited changes
- Final and tied to law
- Mostly addresses law-outlined priorities
- Determine costs and set up payment process
- Identify areas that require clarification

Guidance

- Expansive scope
- Informed by FAQs and feedback
- Released in tandem with rule
- Detail-oriented
- More fluid—can be updated

PCR Law and Interim Interpretations

Alli Kingfisher

Alli.Kingfisher@ecy.wa.gov

Covered products:

Plastic Beverage Containers

*Dairy & 187ml
wine bottles

Plastic Trash Bags

Plastic Household Cleaning & Personal Care Products

Beverage containers

- A bottle or other rigid container
- One or multiple plastic resins
- Human or animal
- 2 oz – 1 gallon
- Water, flavored water, beer, wine, spirits, soda, etc.

Not included:

- Refillables
- Bladders or pouches for wine
- Liners, caps, corks, closures, labels
- Used with medical devices/products
- Infant formula
- medical food, and prescription drugs, or dietary supplements as defined in RCW 82.08.0293

Plastic trash bags

- Non-compostable plastic
- At least 0.70 mils thick
- Garbage bag, recycling bag, lawn or leaf bag, can liner bag, kitchen bag, compactor bag, similar

Not included:

- Compostable bags meeting the requirements of Chapter 70A.455 RCW

Labeling

Packages of plastic trash bags sold, offered for sale, or distributed in or into Washington are labeled with:

- Name of the producer and
- City, state, and country where the producer is located, which may be designated as the location of the producer's corporate headquarters;

Or

- A uniform resource locator or quick response code to an internet website with the information

Trash bags

Household Cleaning & Personal Care Products

- Bottle, jug, or other rigid container with a neck or mouth narrower than the base
- Capable of maintaining its shape when empty
- 8 oz – 5 gallons
- One or multiple plastic resins

Not included:

- Refillables
- Used with medical devices/products
- Nonprescription and prescription drugs
- Dietary supplements as defined in RCW 82.08.0293

Household Cleaning & Personal Care Products

- Hair care: Shampoo, conditioner, styling sprays, gels, etc.
- Skin care: Lotion, moisturizer, facial toner, etc.
- Laundry detergents, softeners, and stain removers
- Liquid soap
- Household cleaning products

1. Definition of 'household'
2. Definition of 'household cleaning products'
3. What is covered under 'nonprescription drugs'
4. Under federal law what containers or bags the state is preempted from regulating the content of

Plastic Postconsumer Recycled Content

Phase 1:
2023

- Beverage bottles
- Trash bags
- **Annual Reports begin 2024**

Phase 2:
2025

- Household cleaning & personal care products in plastic bottles
- **Annual Reports begin 2026**

Phase 3:
2028

- Beverage bottles – dairy & wine 187ml
- **Annual Reports begin 2029**

Minimum recycled-content phases

Year	Plastic trash bags	Beverage containers*	Household cleaner and personal care containers	Plastic wine container (187 milliliters)	Dairy milk container
2022	All producers must register by May 18, 2022				
2023	10 percent	15 percent			
2024					
2025	15 percent		15 percent		
2026		25 percent			
2027	20 percent				
2028			25 percent	15 percent	15 percent
2029					
2030					
2031		50 percent	50 percent	25 percent	25 percent
2032					
2033					
2034					
2035					
2036				50 percent	50 percent

*Excluding plastic wine and milk containers.

Recycled content requirements increase over time

Plastic Producer Registration Break Down

118 total registrations

■ Not submitted ■ Submitted

82 submitted registrations

Market
conditions

Producers:

(19)(a) "Producer" means the following person responsible for compliance with minimum postconsumer recycled content requirements under this chapter for a covered product sold, offered for sale, or distributed in or into this state:

(i) If the covered product is sold under the manufacturer's own brand or lacks identification of a brand, the producer is the person who manufactures the covered product;

(ii) If the covered product is manufactured by a person other than the brand owner, the producer is the person who is the licensee of a brand or trademark under which a covered product is sold, offered for sale, or distributed in or into this state, whether or not the trademark is registered in this state, unless the manufacturer or brand owner of the covered product has agreed to accept responsibility under this chapter; or

(iii) If there is no person described in (a)(i) and (ii) of this subsection over whom the state can constitutionally exercise jurisdiction, the producer is the person who imports or distributes the covered product in or into the state.

Producers:

(b) "Producer" does not include:

- (i) Government agencies, municipalities, or other political subdivisions of the state;
- (ii) Registered 501(c)(3) charitable organizations and 501(c)(4) social welfare organizations; or
- (iii) De minimis producers that annually sell, offer for sale, distribute, or import in or into the country for sale in Washington:
 - (A) Less than one ton of a single category of plastic beverage containers, plastic household cleaning and personal care containers, or plastic trash bags each year; or
 - (B) A single category of a covered product that in aggregate generates less than \$1,000,000 each year in revenue.

De minimis "Producer"

Annually sell, offer for sale, distribute, or import in or into the country for sale in Washington:

A single category of a covered product that in aggregate generates less than \$1,000,000 each year in revenue

OR

Less than one ton of a single category of containers or plastic trash bags each year

Annual Fees:

Based on total amount of resin sold in or into the state

★ Prior to completion of rulemaking

Annual Fees:

Based on total amount of resin sold in or into the state

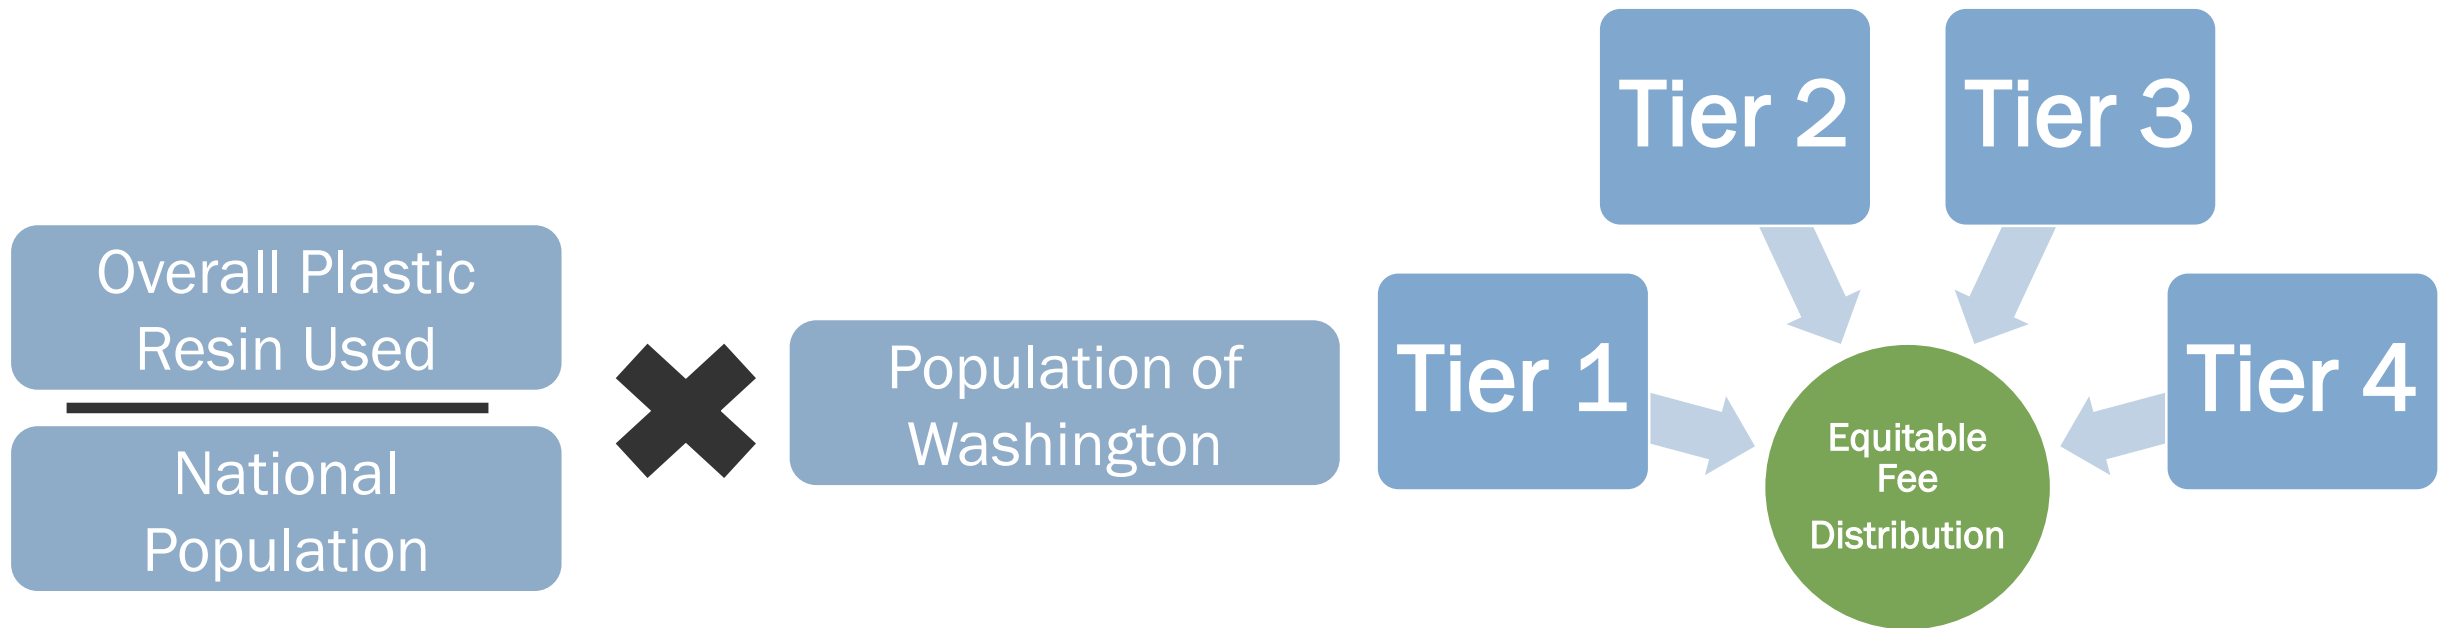

★ Prior to completion of rulemaking

Annual Fees:

Based on total amount of resin sold in or into the state

★ Prior to completion of rulemaking

Workload analysis:

Table 1: FY 2023 Estimated Costs by Category

Cost Category	Estimated Cost
Salaries	\$312,507
Benefits	\$114,065
Goods and Services	\$20,303
Travel	\$9,383
Equipment	\$5,166
Facility costs, rulemaking meetings	\$2,000
Assistant Attorney General	\$19,000
Agency Administrative Overhead	\$120,720
Total Costs	\$603,144

<https://apps.ecology.wa.gov/publications/SummaryPages/2207004.html>

Penalties:

Type 1: Failure to Register and Report

Producers in violation of the registration, reporting, or labeling requirements are subject to a civil penalty for each day of violation in an amount not to exceed \$1,000.

Penalties:

Type 2: Failure to meet PCR minimums

$[(Total\ lbs\ plastic\ used\ X\ Minimum\ PCR\ \% \ Target) - (Total\ lbs\ plastic\ used\ X\ PCR\ \% \ Used)] X \00.20

Ecology may grant a reduction of penalties based on:

- a. Anomalous market conditions
- b. Disruption in or lack of supply of recycled plastics
- c. Other factors

Rulemaking:

- Establishing rules for RCW 70A.245
 - WAC 173-925
 - Two-year process
- Scope:
 - Define technical terms
 - Establish equitable producer fees
 - Clarify
 - Report auditing procedures
 - PCR content calculation methods
 - Adjusting PCR content rates
 - Exclusions
 - Enforcement & Penalties

WAC 173-925 Rulemaking Timeline

Rule Development 2022-2023

- April–Sept 2022: Advisory committee meetings & Draft revisions
- Ongoing comments on draft revisions
- Dec. 2022: Complete draft rule language for economic analysis
- Jan–March 2023: Economic analysis
 - Cost vs benefit
 - Least burdensome alternatives
 - Small Business Economic Impact

Rule Proposal 2023

- Public Comment Period for 60 days:
 - July to August 2023
- Public Hearing(s):
 - August 2023
- Comment response
- Finalize rule language for adoption

Issue a rule proposal

- Include proposed rule language and economic analyses
- Open the formal comment period
- Publish in State Register

Accept Comments

- Accept written comments and oral comments (via online, email, mail, webinars and/or video conference)
- Hold public hearing(s)

Rule Adoption 2024

Consider Comments

- Consider and respond to comments
- Are changes needed?
- Should Ecology seek adoption?

Adopt the rule

- Adopt within 6 months of proposal
- Publish in State Register

Implementation

- Usually effective in 31 days after filing
- Issue guidance and tools
- Provide technical assistance

- Rule adoption December 2023
 - Publish responsiveness summary, updated economics
- Rule effective January 2024 (30 days after adoption)
- Related activities:
 - Publish PCR Rule Guidance
 - Ongoing technical assistance from Ecology

How can I get involved?

- Attend upcoming advisory committee meetings
 - June 9th, 2022.
 - July 28th, 2022
 - September 9, 2022
 - Anyone can attend and provide comment
- Provide eComments on draft revisions on PCR rule website
 - Updated shortly after each advisory committee meeting
- Offer public comment or attend hearings on proposed rule: May – June 2023
- Join Plastic Packaging e-mail subscriber list

DEPARTMENT OF
ECOLOGY
State of Washington

Part A Draft Discussion

Considerations for Discussion

1

- Are changes needed to the original definition?

2

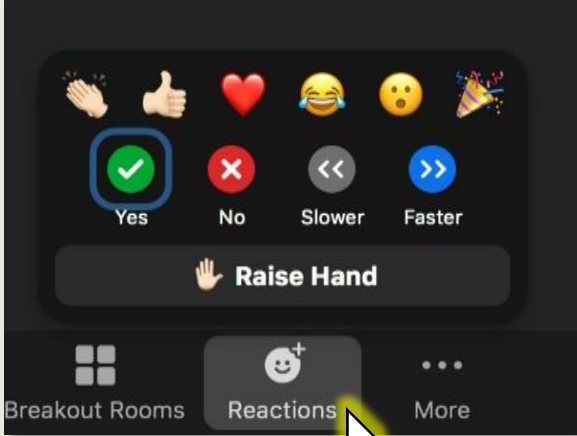

- Do the draft changes clarify intent?
- What potential challenges do draft changes create or what are the unintended consequences of the change?

3

- What are your suggestions for further changes?

Practice... Using Reactions!

Click the check mark for yes, and the x for no

“Raise Your Hand” if you have a question or comment

We will address all board member questions during the meeting, and will have time for a public comment period at the end.

Let's Practice!

QUESTION:

Did you drink coffee this morning?

Rule Outline

Part A – General Requirements

- Purpose – legislative intent
- Applicability – who has to comply with this rule
- Definitions – terms from the law and add those needed for the rule

Part B – Producer Registration and Fees

- Registration Requirements - How do producers register (what data they submit)
- Producer Annual Fee – when fees are determined, and paid
- Reporting Requirements – annual what is required – when this replaces “registration”
- Part A is the content for Advisory Committee Meeting 1 (April 14)

Part C – PCR Content

- PCR Content and reporting requirements for covered product categories
 - Beverages that use plastic containers
 - Trash Bags
 - Household cleaning products in plastic containers
 - Personal care products in plastic containers
 - Dairy Milk in plastic containers
 - Wine in 187 ml plastic bottles
- PCR minimum adjustment petition
- Technical feasibility exclusion

Part D - Enforcement

- Penalties for registration, labeling, and reporting.
- Penalties for PCR requirements
- Reporting audits and review.
- Corrective action.

Original

In several definitions, exclusions are listed based upon other existing laws. Listing these definitions within the rule is only for convenience and reference within Part A.

Draft Language

Adds:

- RCW 82.08.093, “dietary supplement” – referenced as exclusions in “beverage container”, “household cleaning product container” and “personal care product” container.
- 21 USC Section 321 (z), “infant formula” – referenced as an exclusion in the definition of “beverage”
- 21 USC Section 360ee(b)(3), “medical food” – referenced as an exclusion in the definition of “beverage”

Reference definitions

Original

- 70A.245.060 outlines the following exemptions to the requirements for trash bag labelling.

Draft Change to plastic trash bag definition

- Added “Plastic trash bag” does not include:
 - (i) federally regulated bags required for use in hospital or medical settings;
 - (ii) "Biomedical waste" as defined under RCW 70A.228.010; and
 - (iii) "Dangerous waste" as defined under RCW 70A.300.010.
- Added because the trash bag labeling section exempts these – moved to definitions section/part A for easier reference and clarity.
- Separated hospital/medical setting here into its own (i) because the dangerous waste definition will apply in settings that do not occur in hospital/medical setting.

“Plastic
trash bag”
reference to
law

Original

- “Beverage” definition includes specifications around the volume of beverage containers subject to the law
- Repeated these specifications in “plastic beverage container” for clarity and quick reference.

Added Draft Language

- (16) "Plastic beverage container" means a bottle, other rigid container that is capable of maintaining its shape when empty, comprised solely of one or multiple plastic resins designed to contain a beverage *in a quantity more than or equal to two fluid ounces and less than or equal to one gallon.*

“Plastic
beverage
container”
size
reference

Adding non-dairy milks and creamers to “beverage” definition

Original Text

(1) "Beverage" means beverages identified in (a) through (f) ...

(a) Water or flavored water;

(b) Beer or other malt beverages;

(c) Wine;

(d) Distilled spirits;

(e) Mineral water, soda water, and similar carbonated soft drinks; and

(f) Any beverage other than those specified in (a) through (e) of this subsection, except...

Draft Language

(1) "**Beverage**" means beverages identified in (a) through (f)...

(a) Water or flavored water;

(b) Beer or other malt beverages;

(c) Wine;

(d) Distilled spirits;

(e) Non-dairy milks and creamers

(f) Mineral water, soda water, and similar carbonated soft drinks; and

(g) Any beverage other than those specified in (a) through (g) of this subsection, except..

Producer

Original text:

(19)(a) "Producer" means the following person responsible for compliance with minimum postconsumer recycled content requirements under this chapter for a covered product sold, offered for sale, or distributed in or into this state:

(i) If the covered product is sold under the *manufacturer's* own brand or lacks identification of a brand, the producer is the person who manufactures the covered product;

(ii) If the covered product is manufactured by a person other than the brand owner, the producer is the person who is the licensee of a brand or trademark under which a covered product is sold, offered for sale, or distributed in or into this state, whether or not the trademark is registered in this state, unless the manufacturer or brand owner of the covered product has agreed to accept responsibility under this chapter; or

(iii) If there is no person described in (a)(i) and (ii) of this subsection over whom the state can constitutionally exercise jurisdiction, the producer is the person who imports or distributes the covered product in or into the state.

Draft Changes:

(21) "Producer" means the following person responsible for compliance with minimum postconsumer recycled content, registration, fee payment, and reporting requirements under this chapter for a covered product sold, offered for sale, or distributed in or into this state.

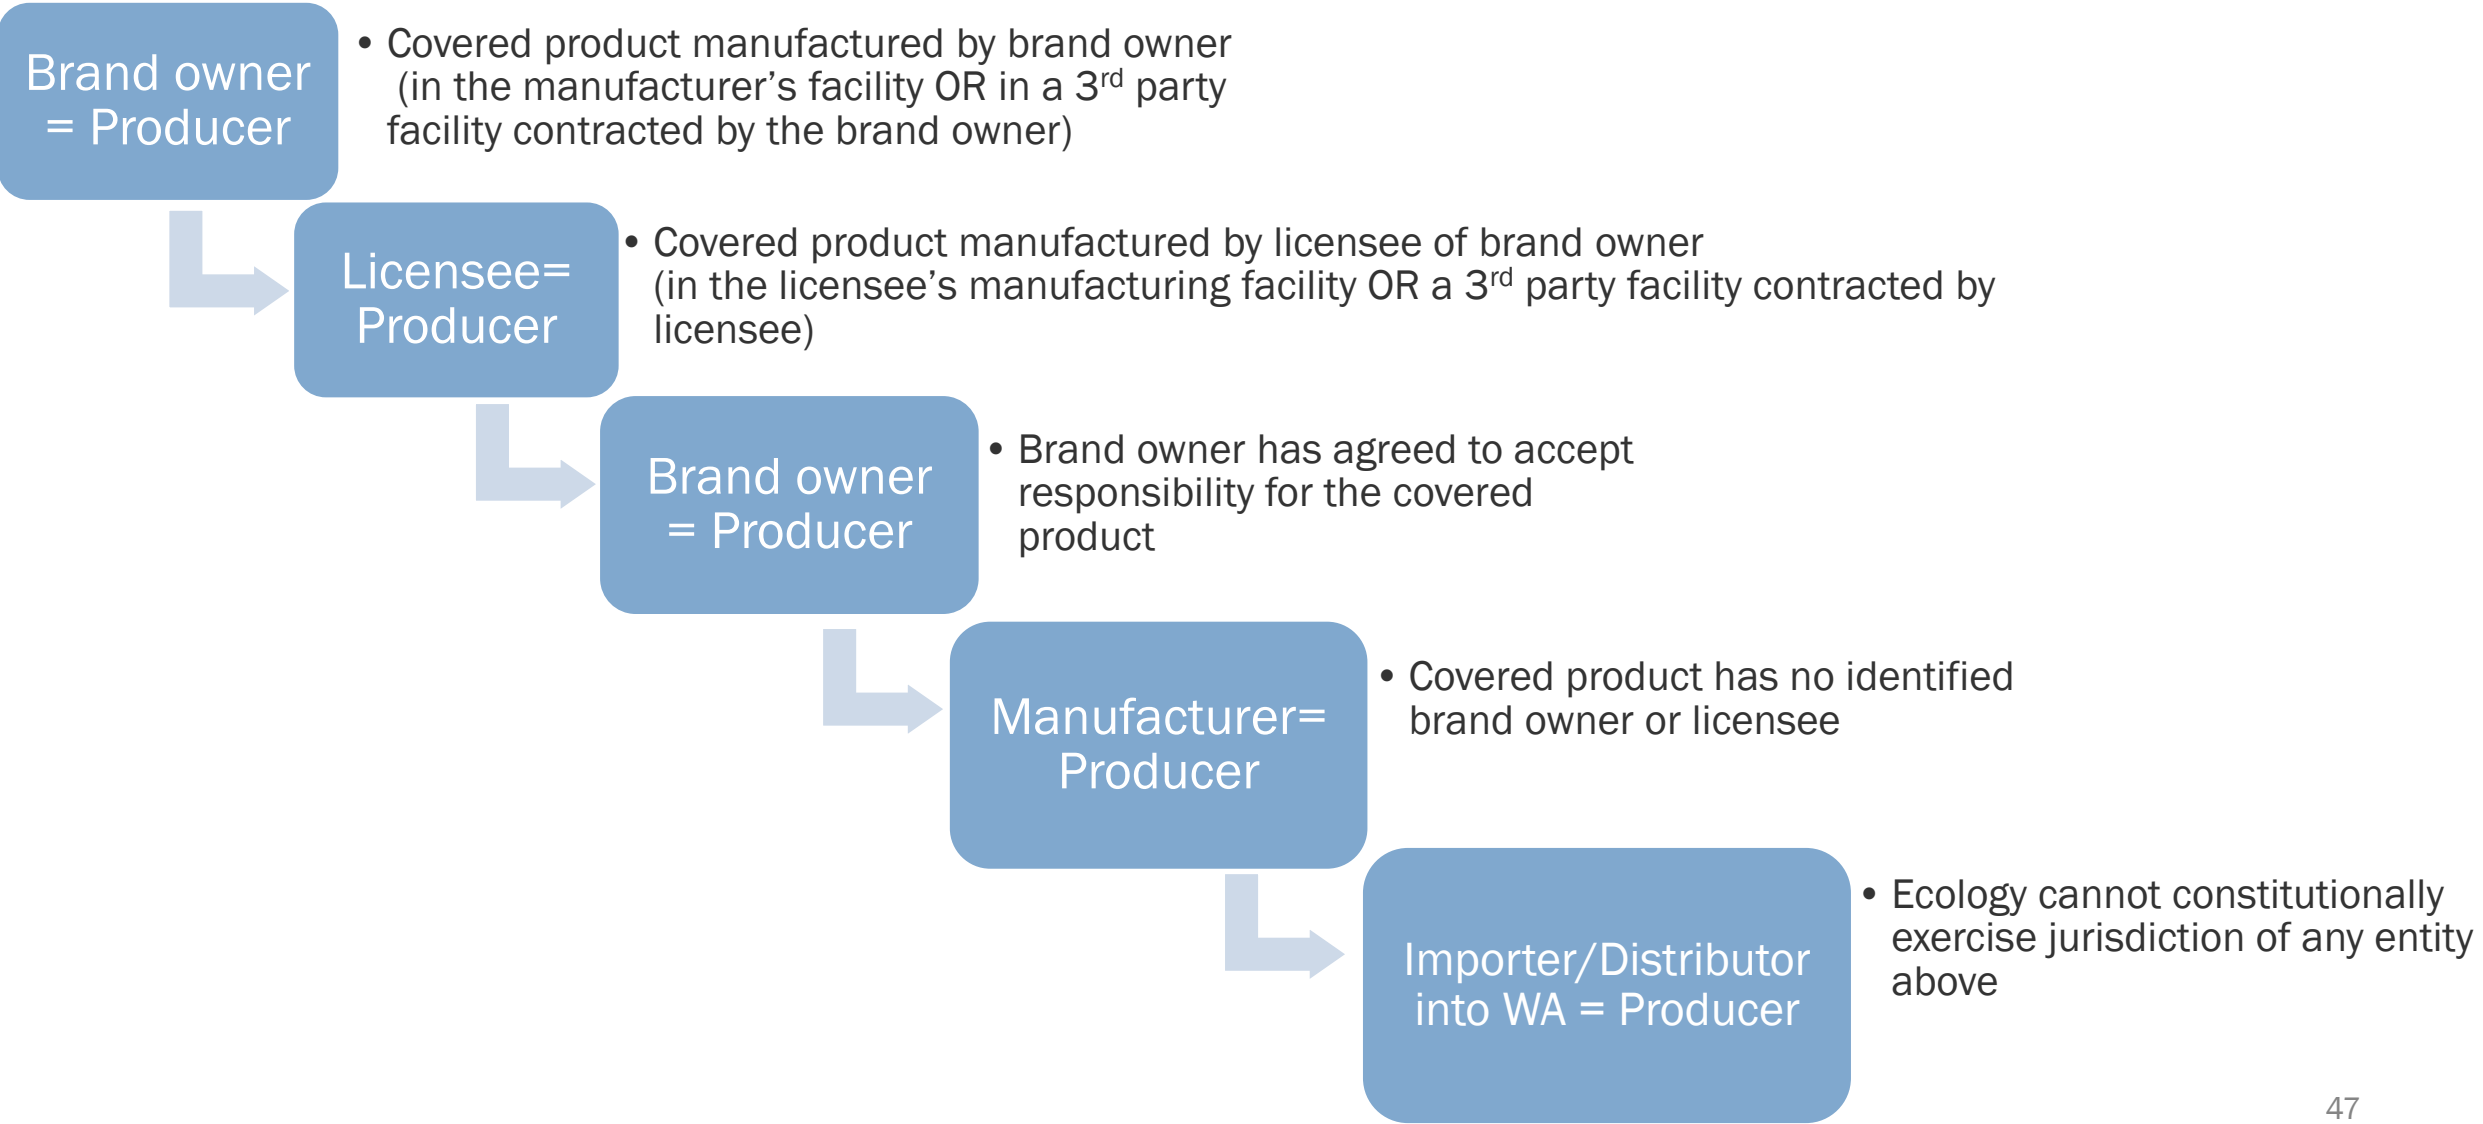

(i) If the covered product is sold under the *manufacturer's* own brand ~~or lacks identification of a brand~~, the producer is the ~~person who manufactures the covered product;~~ **brand owner;**

(ii) *if the covered product lacks identification of a brand, the producer is the person who manufactures the covered product;*

(iii) *If the covered product is sold by a person who is the licensee of a brand or trademark, the producer is the licensee of the brand or trademark, unless the manufacturer or brand owner of the covered product has agreed to accept responsibility under this chapter; or*

(iv) If there is no person described in (a)(i) and (ii) of this subsection over whom the state can constitutionally exercise jurisdiction, the producer is the person who imports or distributes the covered product in or into the state.

Current Interpretation

Rewording of “covered product”

Original

(4)(a) "Covered product" means an item in one of the following categories subject to minimum postconsumer recycled content requirements:

- (i) Plastic trash bags;
- (ii) Household cleaning and personal care products that use plastic household cleaning and personal care product containers; and
- (iii) Beverages that use plastic beverage containers.

Draft Change

(4) "Covered product" means an item in one of the following categories subject to minimum postconsumer recycled content requirements:

- (i) Plastic trash bags;
- (ii) Plastic containers containing household cleaning products;*
- (iii) Plastic containers containing personal care products; and*
- (iv) Plastic containers containing beverages.*

“Personal Care Product”

Context:

- The law combines “personal care products” and “household cleaning” products in the same definition.

Draft change:

- Separated “PCP” definition from “HHCP” definition for clarity
- Left them together in the definition of “household cleaning product and personal care product container”

Additional Considerations:

- Add clarifying language for inclusion of personal care products in institutional or professional settings
- Add clarifying language for inclusion of cosmetics as personal care products

Context

- Not in original language
- Referenced in:
 - “plastic beverage container”
 - "Plastic beverage container" does not include...(b)Rigid plastic containers that are or are used for...non-prescription and prescription drugs”
 - “plastic household cleaning container and plastic personal care product container”
 - "Plastic household cleaning and personal care product container" *does not include*...(ii) Rigid plastic containers that are or are used for...*non-prescription ...non-prescription and prescription drugs*”
 - Important to interpretation of covered “personal care products”

Draft Change

(8) “Drug” means the definition provided by the Washington State Department of Health, which states:

- (a) Substances recognized as drugs in the official United States pharmacopoeia, official homeopathic pharmacopoeia of the United States, or official national formulary, or any supplement to any of them;
- (b) Substances intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in human beings or animals;
- (c) Substances other than food, minerals, or vitamins that are intended to affect the structure or any function of the body of human beings or animals; and
- (d) Substances intended for use as a component of any article specified in (a), (b), or (c) of this subsection.

*(2) "Drug" does not include:
Substances listed in “Personal care product”.*

Addition of definition for “drug”

Cosmetics Containing Drug Ingredients

- A suntan product is a cosmetic, but a sunscreen product is a drug.
- A deodorant is a cosmetic, but an antiperspirant is a drug.
- A shampoo is a cosmetic, but an antidandruff shampoo is a drug.
- A toothpaste is a cosmetic, but an anti-cavity toothpaste is a drug.
- A skin exfoliant is a cosmetic, but a skin peel is a drug.
- A mouthwash is a cosmetic, but an anti-gingivitis mouthwash is a drug.
- A hair bulking product is a cosmetic, but a hair growth product is a drug.
- A skin product to hide acne is a cosmetic, but an anti-acne product is a drug.
- An antibacterial deodorant soap is a cosmetic, but an antibacterial anti-infective soap is a drug.
- A skin moisturizer is a cosmetic, but a wrinkle remover is a drug.
- A lip softener is a cosmetic, but a product for chapped lips is a drug.

Context for
“drug”
definition

Definition of “household cleaning product”

Original Language

- (10) "Household cleaning and personal care product" means any of the following:
 - (a) Laundry detergents, softeners, and stain removers;
 - (b) Household cleaning products;*
 - (c) Liquid soap;
 - ~~(d) Shampoo, conditioner, styling sprays and gels, and other hair care products; or~~
 - ~~(e) Lotion, moisturizer, facial toner, and other skin care products.~~

Draft Change

- Separated from the definition of “personal care product” for clarity
- Expanded listed items in (a)
- In the interim, using CA’s definition of household cleaning product:
 - **"Household cleaning product"** means any of the following:
 - (a) laundry *soaps*, detergents, softeners, *surface polishes*, *air cleaners*, and stain removers; or
 - (b) other chemically formulated domestic consumer products labeled to indicate that the purpose of the product is to clean, or otherwise care for fabric, dishes, or other wares, surfaces including, floors, furniture, countertops, showers, and baths; or other hard surfaces, such as stovetops, microwaves, and other appliances.*

Draft Definition:

"Household cleaning product" means any of the following:

- (a) laundry *soaps*, detergents, softeners, *surface polishes*, *air cleaners*, and stain removers; or
- (b) other chemically formulated domestic consumer products labeled to indicate that the purpose of the product is to clean, or otherwise care for fabric, dishes, or other wares, surfaces including, floors, furniture, countertops, showers, and baths; or other hard surfaces, such as stovetops, microwaves, and other appliances.*

Considerations

What is the definition of "household" for the purpose of covered products under "household cleaning products"?

- Pet products
- Automotive
- Gardening products
- Exterior cleaning

Definition of "household cleaning product"

Federal Exemptions for Covered Products

Language:

- 70A.245.010(4)(b): (b) "Covered product" does not include any type of container or bag for which the state is preempted from regulating content of the container material or bag material under federal law.

Considerations:

- Pesticides (FIFRA)
- Plastic aerosols
- Child resistant packaging

Original language

- (15)(a) "Plastic household cleaning and personal care product container" means a bottle, jug, or other rigid container with a neck or mouth narrower than the base, and:...
- (b)"Plastic household cleaning and personal care product container" does not include:...

Draft change

- Added *"tube"* and *"tub"* to (15)(a)
- Added to those items *not included* in the definition requirements in (b):
 - *"(d) Liners, caps, corks, closures, sprayers, triggers, labels, and other items added externally or internally but otherwise separate from the structure of the bottle or container."*

"Plastic household cleaning container and plastic personal care product container"
