

Model Development Technical Discussion Agenda:

Vessel Movement Module and vessels that do not transmit AIS data November 4, 2020

1. Introduction (1:00 pm)
 - a. Welcome
 - b. Meeting scope
 - c. Discussion logistics

2. Discussion of vessels that don't transmit AIS (1:05 pm)
 - a. Are there other vessel types that regularly operate without transmitting AIS data?
 - b. For each of the listed vessel types, where do they operate, and where are they homeported?

3. Strategies for modeling the behaviors of these vessels (2:00 pm)
 - a. Are there additional data sources you would suggest we investigate as part of this work?
 - b. What strategies would you suggest we use to gather operational and movement data for vessel types that does not regularly transmit AIS?

4. Wrap up and final thoughts (2:55 pm)
