

WRRL Database

Welcome to the Worldwide Response Resource List (WRRL). This is an oil spill response equipment database maintained by regional equipment owners and hosted by Genwest Systems, Inc. This list serves as a directory of oil spill response equipment ownership and steady-state location. Its purpose is to provide the response community and regulators with a current listing of response equipment. No guarantees are made or implied regarding actual equipment availability.

Equipment: View all of the equipment currently cataloged in the WRRL database.

Download Data: Download current WRRL data in various formats.

Data By Organization: View data of specific Organizations.

Kind-Type Reference: View the Kind-Type Reference currently being used in the database.

Organization Contacts: Contact information on various participating organizations.
