EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding:

An emergency rule is necessary to protect public health and safety and promote timelines that are in the best interest of the public. Once the rule is in place, Ecology may distribute funds to alleviate hardship. Drought can cause immediate impacts to public bodies. To address these impacts, drought funding needs to be administered in a timely manner.
