DECREE BETWEEN DEPARTMENT

WHEREAS, the Court on March 11, 2016, amended portions of the Consent Decree between the State of Washington (“Washington”) and the U.S. Department of Energy (“DOE”), ECF No. 222 (Amended Consent Decree Between Department of Energy and State of Washington);

1           WHEREAS, the Court ordered that “DOE and Washington have thirty days  
2 in which to file any joint stipulation to modify the Court’s Amended Consent  
3 Decree,” ECF No. 221 at 102;

4           WHEREAS, DOE and Washington have conferred regarding potential  
5 modifications related to the Court’s requirement that DOE “must purchase and  
6 have available by December 31, 2016, a spare A-E-1 reboiler for the 242-A  
7 Evaporator,” *see* ECF No. 222 at 5 (Amended Consent Decree Part IV.B.5);

8           WHEREAS, DOE and Washington agree that the below-specified  
9 modification to Part IV.B.5 of the Amended Consent Decree, retaining the  
10 obligation for DOE to purchase the reboiler by December 31, 2016, but changing  
11 the deadline by which DOE must have the reboiler available from December 31,  
12 2016, to December 31, 2018, is appropriate;

13           WHEREAS, DOE and Washington agree that the below-specified  
14 modifications to Part IV.C.1-2 of the Amended Consent Decree to add monthly  
15 and quarterly reporting requirements regarding activity and progress made toward  
16 purchasing and having available the spare reboiler are appropriate to ensure that  
17 Washington is kept apprised of DOE’s progress on this issue; and

18           WHEREAS, submission of this Stipulation pursuant to the Court’s March  
19 11, 2016 order is without prejudice to any rights of either Washington or DOE to  
20 appeal that order or previous orders;

1 THEREFORE, IT IS HEREBY STIPULATED AND ORDERED, that:

6 **AMENDED** to read as follows:

7 5. To safeguard against a hypothetical two-year outage of the 242-A  
8 Evaporator, which would result in a minimum of a two-year delay in retrieval of  
9 remaining SSTs, DOE must purchase by December 31, 2016, a spare A-E-1  
10 reboiler for the 242-A Evaporator, and have it available by December 31, 2018.

11 **II. Part IV.C.1-2**

15 adequacy of the quarterly report.

16 2. Monthly reports. DOE shall, on a monthly basis, submit to Ecology a written  
17 summary report (e.g., approximately 10 to 15 pages in length) documenting WTP
