

February 26, 2018 Permit Register

Air Operating Permit Workload Analysis & Budget for Fiscal Years 2020 – 2021 Biennium

Ecology is preparing a workload analysis and budget that projects Ecology's resource requirements for administration, development, and oversight of Washington's Air Operating Permit program for the biennium, including fiscal years 2020 and 2021. We will be accepting public comments on the draft Air Operating Permit workload analysis and budget from February 28 through April 30. We'll [post commenting information on our public events calendar](#) on February 28.

Email [Ron Stuart](#) for more information or previous editions of the Permit Register.

Business applying for permit: **Puget Sound Energy - Mint Farm Generating Station**

Physical address: 1200 Prudential Boulevard; Longview, Washington
98632

Facility description: Combined cycle combustion turbine power facility with
a nominal generating capacity of 319 MW.

Permit type: Air Operating Permit

Describe other permit type:

Permit action: Issuance of a draft permit or renewal

Date of agency decision: 2/22/2018

Describe permit modification: Renewal of facility air operating permit

Pollutants that would be
increased with this action:

The calendar year that actual
annual emissions were reported
in the emissions inventory
(WEIRS): 2016

Ammonia tons per year (TPY):

Carbon monoxide TPY: 2.91

Chlorine TPY:

Hydrogen fluoride TPY:

Nitrogen oxides TPY: 31.74

Particulate matter (PM₁₀) TPY: 15.90

Particulates, total TPY:

Sulfur dioxide TPY: 2.40

Volatile organic
compounds (VOCs) TPY: 10.67

Other pollutant(s)
not listed above TPY:

Public comment period: 2/22/2018 - 4/1/2018

Public hearing:

Clean air agency: Southwest Clean Air Agency

Agency contact: Wess Safford, wess@swcleanair.org

Business applying for permit: **Roosevelt Regional Landfill**

Physical address: 500 Roosevelt Grade Road; Roosevelt, Washington 99356

Facility description: MSW landfill & ash monofill

Permit type: Air Operating Permit

Describe other permit type:

Permit action: Receipt of complete permit application

Date of agency decision: 2/20/2018

Describe permit modification:

Pollutants that would be increased with this action:

The calendar year that actual annual emissions were reported in the emissions inventory (WEIRS): 2016

Ammonia tons per year (TPY):

Carbon monoxide TPY: 1

Chlorine TPY:

Hydrogen fluoride TPY:

Nitrogen oxides TPY: 3

Particulate matter (PM₁₀) TPY: 67

Particulates, total TPY: 255

Sulfur dioxide TPY: 3

Volatile organic compounds (VOCs) TPY: 97

Other pollutant(s) not listed above TPY:

Public comment period:

Public hearing:

Clean air agency: Ecology Central Region Office

Agency contact: Lynnette Haller, lynnette.haller@ecy.wa.gov
