

Department of Ecology Agreements, Phase 1
December 31, 2017

Overview: This is a summary listing of Ecology's active agreements with other governmental entities, as of the first week in October this year. Please note: as specified by law, this is phase 1, data from Ecology's EAGL (Ecology Administration of Grants and Loans) system, as entered by the recipients. Phase 2, remaining contract, loan, and grant agreements, will be added to the summary June 30, 2018. Phase 3, remaining and nonfinancial agreements, will be added December 31, 2018.

History: SHB 1010 as passed in the 2017 Legislative Session established RCW 43.21A.150 and instructs the Department of Ecology to phase in an annual report listing all of the agreements Ecology has with other governmental entities. The agreements include contracts, grants, loans, memoranda of understanding, advisory or non-binding agreements, fund receivables for work performed by Ecology, leases, and additional required agreements. Once phase 3 is complete, the Summary will be a snapshot of all of Ecology's active agreements as of the first week of October, updated annually, and housed on Ecology's public website.
