If needed use an extra page to list additional applicators.

**III. Project SEPA**

Attach the Washington Department of Fish and Wildlife SEPA determination documents to your completed NOI.

**IV. Public Notice**

Public notice must be published at least once a week for two consecutive weeks with seven days between publications, in a single newspaper of general circulation in the county in which the project is to take place. Ecology cannot issue permit coverage sooner than the end of the 30-day public comment period, which begins on the date of the second public notice.

**Note:** Mail, email, or fax (360-407-6462) the completed NOI to Ecology so that it is received on or before the first publication date of the public notice. If you email or fax the NOI to Ecology, you must also mail a hard copy. Failure to do so may delay the issuance of your permit coverage.

Provide the exact dates (mm/dd/yyyy) that the public notice will appear in the newspaper.

First public notice date: ____________  Second public notice date: ____________

Name of the newspaper publishing the public notice: ________________________________

ECY Pub Number

Ecology is an equal opportunity employer.
V. Public Notice Template

Complete this template using project-specific information and submit to a local newspaper with general circulation within the county where the project is located. The **bold** language is required and must be included in its entirety. (Either use the fill in template below or attach on a separate sheet of paper)

________________________________________(Applicant name), ________________________________________(Address of applicant/Permittee),
is seeking coverage under Washington State Department of Ecology’s Fisheries Resource Management General Permit.

The proposed coverage applies to lakes throughout the State of Washington. The permit allows the discharge of rotenone and potassium permanganate. WDFW has made a SEPA determination of significance with the adoption of an existing environmental document for this proposal. Any person desiring to present their views to the Department of Ecology regarding this application, or interest in Ecology’s action on this application, may notify Ecology in writing no later than 30 days from the last date of publication of this notice. Comments may be submitted to:
Department of Ecology
Water Quality Program, Attn: Aquatic Pesticide Permit Manager
PO Box 47696, Olympia, WA 98504-7696

VII. Applicant/Permittee Certification

“**I certify under penalty of law, that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations. Unless the Department of Ecology Permit has more stringent requirements, all FIFRA label requirements will be followed.**”

“**I certify that all projects have an aquatic license to apply aquatic pesticides issued by WSDA. My aquatic license is current, and will be current at the time of pesticide application.**”
