Wesport, City of	Approved as submitted	26-Jun-2013		10-Jul-2013	The amendment will clarify existing provisions concerning replacement of non-conforming developments destroyed by fire or other natural disasters. The amendment also proposes a multi-tiered regulatory approach to allowing expansions to non-conforming residences within shoreline buffer and setbacks. Changes the definition of non-conforming lot to a more logical and simpler approach. Minor changes to other definitions, New flood control works in the conservancy shoreline designation are allowed solely by substantial development permit review with conditional use permit review, and clarifications of two provisions concerning the Cherry Point Special Management Area (CPMA).
