

The following changes are necessary to comply with the SMA (RCW 90.58) and the SMP Guidelines (WAC 173-26, Part III)

ITEM	SMP PROVISION	TOPIC	BILL FORMAT CHANGES [<u>underline-additions</u> ; strikethrough-deletions]	ECOLOGY - DISCUSSION/RATIONALE
1	Section 1.07 Relationship to Other Codes, Ordinances, and Plans Page 7	Ocean Resource Management Act	<u>Ocean uses and activities conducted within the city's and the state of Washington's jurisdiction shall comply with RCW 43.143 (Ocean Resources Management Act) and WAC 173-26-360 (Ocean Management). Nothing in this paragraph is intended to expand or modify the applicability of RCW 43.143, WAC 173- 26-360, or any subsections thereof, to ocean uses and activities not otherwise governed by those laws, administrative rules, or their subsections.</u>	In light of the recent Washington Supreme Court case <i>Quinault Indian Nation, et.al. v. Imperium Terminal Svcs. et. al.</i> , it would be prudent to include language referencing the appropriate regulations and avoid the need for a possible future SMP amendment.
