2007 H00-23	Coordination, Engineering, Public Health Safety	Memorandum of Agreement	DOE & City of Lynden	1/20/2004	Memorandum of Understanding Between City of Lynden and Ecology to develop a water supply strategy for future growth Adopted under the Growth Management Act. The purpose of the MOA is to provide a cooperative framework within which the parties can explore and execute the water supply strategy intended to achieve water supply solutions and to avoid disputes over differing interpretations of Lynden's existing water rights. The objective of the water supply strategy will be to provide sufficient water supply for Lynden's next 20 year growth and at a minimum to provide water sufficient to meet near-term growth. The MOA does not seek to resolve differences in interpreting Lynden's existing water rights, but to provide a plan that both parties agree is sufficient for a reliable water supply to meet current and future growth needs.
