re: ClimaCover All Weather Protective System

Ms. Voller

The Washington State Department of Ecology (Ecology) finds the ClimaCover All Weather Protective System can be used as an alternative to sandbags as referenced in BMP C123: Plastic Covering, found in Volume II of the Stormwater Management Manual for Western Washington or Chapter 7 of the Stormwater Management Manual for Eastern Washington. Contractors must follow manufacturer recommendations for installation.

Contractors may use ClimaCover at project sites without seeking additional Ecology approval though Ecology cannot endorse this product or its manufacturer.

For more information contact: Mieke Hoppin at 360-407-6435 or email [mhop461@ecy.wa.gov](mailto:mhop461@ecy.wa.gov).

Sincerely

Nancy L. Winters, Manager  
Program Development Services  
Water Quality Program
