Re: Functional Equivalency with BMP C154

Dear Mr. Eason:

The Washington State Department of Ecology (Ecology) finds OutPak Corrugate Washout functionally equivalent to BMP C154 Concrete Washout Area as described in the 2012 Stormwater Management Manual for Western Washington (SWMMWW).

Ecology does not endorse this product or its manufacturer.

Contractors may use the OutPak Corrugate Washout at construction sites without seeking additional Ecology approval. Users must follow manufacturer operation and maintenance recommendations.

For more information, contact Douglas C. Howie, P.E. at douglas.howie@ecy.wa.gov or (360) 407-6444.

Sincerely

Douglas C. Howie, P.E.
