

Volkswagen Federal Settlement

Mitigation Trust

2.0 & 3.0 liter settlements: \$3 Billion Nationwide
Court appointed Wilmington Trust as Trustee on March 15, 2017.
Court determined Trust Effective Date is October 2, 2017.

States, Puerto Rico, D.C., Tribes

Submit beneficiary applications by December 1, 2017.

Department of Ecology

Eligible for \$112.7 Million

Amount based on the number of affected vehicles registered in the state.

Tribes

Amounts will vary

Tribe amounts will vary based on a consultation with the Trustee.

Eligible Projects

Once certified as a beneficiary, Mitigation Plans must be submitted no later than 30 days prior to requesting funds.

Funds may be used to replace or repower with new diesel engines, alternate fueled engines (compressed natural gas, propane, or hybrid), or all-electric engines.

Class 8 freight trucks & port drayage trucks

Class 4-7 local trucks

Ferries/tugboats

Shorepower for ocean going vessels

Freight switcher locomotives

Airport ground support equipment

Forklifts & cargo handling equipment at ports

Class 4-8 school/shuttle/transit buses.

Light duty ZEV supply equipment. 15% of funds.

Matching funds for eligible projects under DERA.

ZEV Investment

\$2 Billion over 10 years

- \$800 million in California
- \$1.2 billion in the rest of the nation

Project ideas may be submitted to electrifyamerica.com. Washington and Oregon jointly submitted ideas to VW for projects in our states.

Examples include:

- Electric vehicle charging stations at multi-unit dwellings, workplaces, and public sites.
- Electric vehicle fast charging stations available to vehicles using non-proprietary connectors.
- Brand-neutral outreach to increase awareness of ZEVs.

Consumer Relief
