**RE: BMP Supplies Spring Berm: Functionally Equivalent Designation**

Dear Mr. Lindemulder:

The Washington State Department of Ecology (Ecology) finds the BMP Supplies Spring Berm functionally equivalent to BMP C207 Check Dam and BMP C208 Triangular Silt Dike as described in the 2014 Stormwater Management Manual for Western Washington (SWMMWW) and the 2004 Stormwater Management Manual for Eastern Washington (SWMMEW).

Ecology does not endorse this product or its manufacturer.

Contractors may use BMP Supplies Spring Berm at construction sites without seeking additional Ecology approval. Installers must follow manufacturer installation and maintenance recommendations.
