RE: Coastal Zone Consistency for Corps Reference # NWS-2011-0834
Boeing Plant 2 Shoreline Habitat Maintenance, Seattle, King County, Washington

Dear Mr. Anderson,

On September 6, 2017, the Boeing Company submitted a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP).

This determination is for the adaptive management of the shoreline habitat restoration project that was constructed in 2013. Work will include shoreline seep repair, shoreline erosion control, installation of plants and enclosures, large woody debris adjustment/installation, and sediment monitoring. The work would be located in the lower Duwamish waterway, in Seattle.

Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with the Boeing Company determination that the proposed work is consistent with Washington's CZMP.

If you have any questions regarding Ecology's consistency determination please contact Laura Inouye at (360)-407-6165.
