STATE ENVIRONMENTAL POLICY ACT
DETERMINATION OF NONSIGNIFICANCE

Proposed Action: NOC ORDER No. 15833

Description of proposal: The objective of the proposed project is to improve the transfer of wood chips to the pulping process which will increase paper production through improved efficiency. The project will consist of improvements to the chip conveyers and installation of new associated equipment. The new system will have belt conveyors with a dust collection cyclone specifically designed to control particulate matter emissions. The new cyclone will replace two existing cyclones that are less efficient. As a result of the proposed project, chip processing in the screening system is predicted to increase from 2,278 bone dry tons (BDT) per day to 2,369 BDT per day.

Proponent: WestRock CP LLC
801 Portland Ave
Tacoma, WA 98421

Location of proposal: 801 Portland Ave, Tacoma, WA 98421

Lead agency: Department of Ecology, Waste 2 Resources, Industrial Section

The lead agency for this proposal has determined it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030 (2)(c).

This Determination of Nonsignificance is issued under WAC 197-11-340(2); the lead agency will not act on this proposal until the comment period ends June 15, 2018.
