~~IM~~POSSIBLE

A hand holding a white marker is shown in the upper left corner. The word "IMPOSSIBLE" is written in a bold, black, sans-serif font. The letters "I" and "M" are crossed out with a black scribble, leaving "POSSIBLE" visible.

Provide a clear regulatory framework

Clear roles and responsibilities.

Clear, planning, permitting, compliance, and reporting requirements.

Scientifically and legally sound standards that protect human health and the environment.

Clear roles and responsibilities.

Streamline agency designation, roles and responsibility in rule language.

Establish bright line for lead agency designation.

Establish coordinated approach to reviewing and issuing necessary permits.

Keep only the rule language necessary.

Clear,
predictable,
compliance,
planning,
permitting, and
reporting
requirements.

Consolidated
planning, reporting,
and permitting
requirements.

Reference relevant
standalone compliance
obligation WACs
sections.

Provide additional
details in orange and
purple books.

Predictable
permitting process.

Provide clarity on RW
permit relationship to
other Ecology and
Health permits.

Allows for certain,
already permitted uses
to be added—w/out
requiring permit
modifications.

Scientifically and legally sound standards and practices that protect human health and the environment.

Meets both Health and Ecology legal obligations to protect human health and the environment.

Clearly communicated.

Allows for advances in treatment technology.

Allow for new uses, including Direct Potable Reuse.
