Re: Ecology Approval of White Salmon Shoreline Master Program
Comprehensive Update

Dear Ms. Bellon:

The City of White Salmon has reviewed your letter dated October 11, 2017 regarding your department's conditional approval of the City's comprehensive update to its Shoreline Master Program (SMP). The City concurs with the recommended changes to the SMP document as shown in Attachment B to your letter and requests that the Department proceed with final approval. Please inform us of your likely final approval date so we can schedule a meeting with our City Council immediately thereafter to formally adopt the document. The City generally requires notification of three weeks prior to placing an item on our Council agenda.

Thank you for your assistance throughout the SMP update process. We have enjoyed working with Ecology representative, Lennard Jordan.

Sincerely,
