

## **APPENDIX B**

---

# Priority Habitats and Species

		Species/ Habitats	State Status	Federal Status	** Important Note **	
1	Habitats	Aspen Stands			<p>These are the species and habitats identified for San Juan County. This list of species and habitats was developed using the distribution maps found in the Priority Habitat and Species (PHS) List (see <a href="http://wdfw.wa.gov/hab/phslist.htm">http://wdfw.wa.gov/hab/phslist.htm</a>). Species distribution maps depict counties where each priority species is known to occur as well as other counties where habitat primarily associated with the species exists. Two assumptions were made when developing distribution maps for each species:</p> <p>1) There is a high likelihood a species is present in a county, even if it has not been directly observed, if the habitat with which it is primarily associated exists.</p> <p>2) Over time, species can naturally change their distribution and move to new counties where usable habitat exists.</p> <p>Distribution maps in the PHS List were developed using the best information available. As new information becomes available, known distribution for some species may expand or contract. WDFW will periodically review and update the the distribution maps in PHS list.</p>	
2		Biodiversity Areas & Corridors				
3		Herbaceous Balds				
5		Old-Growth/Mature Forest				
6		Oregon White Oak Woodlands				
7		West Side Prairie				
10		Riparian				
11		Freshwater Wetlands & Fresh Deepwater				
12		Instream				
15		Puget Sound Nearshore				
16		Caves				
17		Cliffs				
18		Snags and Logs				
19		Talus				
25		Fishes	Pacific Herring	Candidate		Species of Concern
31			Longfin Smelt			
32			Surfsmelt			
33			Bull Trout/ Dolly Varden	<a href="#">Candidate *</a>		<a href="#">Threatened *</a>
34			Chinook Salmon	Candidate		Threatened (Upper Columbia Spring run is Endangered)
35	Chum Salmon		Candidate	Threatened		
36	Coastal Res./ Searun Cutthroat			Species of Concern		
37	Coho		Candidate	Threatened – Lower Columbia Species of Concern – Puget Sound		
38	Kokanee					
39	Pink Salmon					
41	Rainbow Trout/ Steelhead/ Inland Redband Trout		<a href="#">Candidate **</a>	<a href="#">Threatened **</a>		
42	Sockeye Salmon		Candidate	Threatened – Ozette Lake Endangered – Snake River		
44	Pacific Cod		Candidate	Species of Concern		
45	Pacific Hake		Candidate	Species of Concern		
46	Walleye Pollock		Candidate	Species of Concern		
47	Black Rockfish		Candidate			
49	Brown Rockfish		Candidate	Species of Concern		
50	Canary Rockfish		Candidate	Threatened		
51	China Rockfish		Candidate			
52	Copper Rockfish		Candidate	Species of Concern		
53	Greenstriped Rockfish		Candidate			
54	Quillback Rockfish		Candidate	Species of Concern		
55	Redstripe Rockfish		Candidate			
56	Tiger Rockfish		Candidate			
57	Widow Rockfish		Candidate			
58	Yelloweye Rockfish		Candidate	Threatened		
59	Yellowtail Rockfish		Candidate			
60	Lingcod					
62	Pacific Sand Lance					
63	English Sole					
64	Rock Sole					

		Species/ Habitats	State Status	Federal Status	** Important Note **
73	Amphibians	Western Toad	Candidate	Species of Concern	<p>These are the species and habitats identified for San Juan County. This list of species and habitats was developed using the distribution maps found in the Priority Habitat and Species (PHS) List (see <a href="http://wdfw.wa.gov/hab/phslist.htm">http://wdfw.wa.gov/hab/phslist.htm</a>). Species distribution maps depict counties where each priority species is known to occur as well as other counties where habitat primarily associated with the species exists. Two assumptions were made when developing distribution maps for each species:</p> <p>1) There is a high likelihood a species is present in a county, even if it has not been directly observed, if the habitat with which it is primarily associated exists.</p> <p>2) Over time, species can naturally change their distribution and move to new counties where usable habitat exists.</p> <p>Distribution maps in the PHS List were developed using the best information available. As new information becomes available, known distribution for some species may expand or contract. WDFW will periodically review and update the the distribution maps in PHS list.</p>
76	Reptiles	Sharptail Snake	Candidate	Species of Concern	
80	Birds	Brandt's Cormorant	Candidate		
82		Cassin's Auklet	Candidate	Species of Concern	
84		Common Murre	Candidate		
85		Marbled Murrelet	Threatened	Threatened	
86		Short-tailed Albatross	Candidate	Endangered	
87		Tufted Puffin	Candidate	Species of Concern	
88		Western grebe	Candidate		
89		W WA nonbreeding concentrations of: Loons, Grebes, Cormorants, Fulmar, Shearwaters, Storm-petrels, Alcids			
90		W WA breeding concentrations of: Cormorants, Storm-petrels, Terns, Alcids			
94		Great Blue Heron			
95		Brant			
96		Cavity-nesting ducks: Wood Duck, Barrow's Goldeneye, Common Goldeneye, Bufflehead, Hooded Merganser			
97		Western Washington nonbreeding concentrations of: Barrow's Goldeneye, Common Goldeneye, Bufflehead			
98		Harlequin Duck			
100		Trumpeter Swan			
102		Waterfowl Concentrations			
103		Bald Eagle	Sensitive	Species of Concern	
105	Golden Eagle	Candidate			
108	Peregrine Falcon	Sensitive	Species of Concern		
116	Sooty Grouse				
122	W WA nonbreeding concentrations of: Charadriidae, Scolopacidae, Phalaropodidae				
123	Band-tailed Pigeon				
124	Yellow-billed Cuckoo	Candidate	Candidate		
128	Vaux's Swift	Candidate			
131	Pileated Woodpecker	Candidate			
134	Oregon Vesper Sparrow	Candidate	Species of Concern		
135	Purple Martin	Candidate			
140	Mammals	Dall's Porpoise			
143		Gray Whale	Sensitive		
145		Harbor Seal			
146		Orca (Killer Whale)	Endangered	Endangered	
147		Pacific Harbor Porpoise	Candidate		
149		Steller (Northern) Sea Lion	Threatened	Threatened	
153		Roosting Concentrations of: Big-brown Bat, Myotis bats, Pallid Bat			
154		Townsend's Big-eared Bat	Candidate	Species of Concern	
155		Keen's Myotis	Candidate		
172		Columbian Black-tailed Deer			
186	Invertebrates	Pinto (Northern) Abalone	Candidate	Species of Concern	
189		Geoduck			
190		Butter Clam			
191		Native Littleneck Clam			
192		Manila Clam			
193		Olympia Oyster	Candidate		
194		Pacific Oyster			

		<b>Species/ Habitats</b>	<b>State Status</b>	<b>Federal Status</b>	<b>** Important Note **</b>
196	Invertebrates (continued)	Dungeness Crab			<p>These are the species and habitats identified for San Juan County. This list of species and habitats was developed using the distribution maps found in the Priority Habitat and Species (PHS) List (see <a href="http://wdfw.wa.gov/hab/phslist.htm">http://wdfw.wa.gov/hab/phslist.htm</a>). Species distribution maps depict counties where each priority species is known to occur as well as other counties where habitat primarily associated with the species exists. Two assumptions were made when developing distribution maps for each species:</p> <p>1) There is a high likelihood a species is present in a county, even if it has not been directly observed, if the habitat with which it is primarily associated exists.</p> <p>2) Over time, species can naturally change their distribution and move to new counties where usable habitat exists.</p> <p>Distribution maps in the PHS List were developed using the best information available. As new information becomes available, known distribution for some species may expand or contract. WDFW will periodically review and update the the distribution maps in PHS list.</p>
197		Pandalid shrimp (Pandalidae)			
208		Great Arctic	Candidate		
209		Island Marble	Candidate	Species of Concern	
216		Sand-verberna Moth	Candidate		
219		Valley Silverspot	Candidate	Species of Concern	
220		Taylor's Checkerspot	Endangered	Candidate	
222		Red Urchin
