Scott Pierce
American Erosion Control, LLC
41415 Appalachian Way
Knoxville, TN, 37918

Dear Mr. Pierce:

Because the Erosion FEL™ functions in the same manner as a straw wattle, applicants using the Erosion FEL™ must follow applicable portions of BMP C235: Straw Wattles of the Stormwater Management Manual for Western Washington should be followed when using this product.

I appreciate your commitment to protecting waters of the state.

If you have additional questions contact Mieke Hoppin by phone at (360) 407-6435 or email at mhop461@ecy.wa.gov.

Sincerely,

Nancy L. Winters, Manager
