

Access to Residential Recycling in Washington State (2013)

Eighty-seven percent of WA residents* have access to curbside recycling and the remaining population is served by 109 drop box locations.

* Population calculation uses census data. Residents in multi-family housing may not have service in areas that show curbside access.

- KEY:**
- Access to curbside recycling (shaded yellow indicates area of curbside, example: All of King County has access)
 - Drop-off recycling locations (A blue dot can represent more than one drop-off location if in the same city/town.)
 - Buy-back recycling centers (accepting greater than/equal to 2 residential commodities)
