

2024 Governmental Collaboration Summary Report of Active Agreements

This is Ecology’s annual governmental collaboration summary report of active agreements we have with other governmental entities as of the first week in October of each year as required by state law (RCW 43.21A.150). The list includes: Contracts, grant and loan agreements, advisory or non-binding agreements, agreements for funds received for work we performed, leases, and non-financial interagency agreements.

Published: December 2024

2007-H00-23	Coordination, Engineering, Public Health Safety	Memorandum of Agreement	Department of Ecology & City of Lynden	1/20/2004	Memorandum of Understanding Between City of Lynden and Ecology to develop a water supply strategy for future growth Adopted under the Growth Management Act. The purpose of the MOA is to provide a cooperative framework within which the parties can explore and execute the water supply strategy intended to achieve water supply solutions and to avoid disputes over differing interpretations of Lynden's existing water rights. The objective of the water supply strategy will be to provide sufficient water supply for Lynden's next 20 year growth and at a minimum to provide water sufficient to meet near-term growth. The MOA does not seek to resolve differences in interpreting Lynden's existing water rights, but to provide a plan that both parties agree is sufficient for a reliable water supply to meet current and future growth needs.

2018-B00-001	Enumclaw Mud Mountain Site Use Agreement	License	Department of the Army (Mud Mountain Dam)	4/1/2023	This agreement allows Ecology to operate an ozone monitoring site on the property of the Army at the Mud Dam.
2023-A00-EXEC-001	Environmental Performance Partnership Agreement between the Department of Ecology and the Environmental Protection Agency	Interagency Agreement	Environmental Protection Agency (EPA) Region 10	7/1/2023	This agreement reflects the relationship between Ecology and EPA Region 10 - a partnership with each other and with Washington's citizens in protecting, enhancing, and restoring our natural environment. This agreement identifies environmental priorities and desired results. This agreement is intended to outline how the U.S. Environmental Protection Agency and Ecology will manage both private and federal Superfund sites in the State of Washington now and in the foreseeable future. Based on established program capability and capacity, it is understood that NPL sites can be adequately addressed by either the U.S. Environmental Protection Agency or Ecology as the lead agency.
2024-J00-001	Environmental Protection Agency Region 10 Washington State Department of Ecology Superfund Management In Washington	Interagency Agreement	U.S. Environmental Protection Agency	2/23/2000	Purpose: To develop a cooperative arrangement concerning the identification and assessment of sites suspected of being contaminated by hazardous substances. We will do this by 1) sharing information and 2) managing the work load according to the strengths of each agency's program and by the resources available to each agency. This agreement does not address emergency situations, removal actions, or interim actions. These issues will be addressed in a separate agreement.

2018-J00-011	Port Angeles Harbor Trustee Council Assessment Cost Guidelines	Resolution	The Port Angeles Harbor Natural Resource Trustees (i	7/1/2012	The Trustees are required to use funds received for the assessment of natural resource damages solely to engage in activities to: (a) determine the state of injury to the natural resources and their services within Port Angeles Harbor, (b) determine appropriate projects or amount of monetary compensation to restore, rehabilitate, replace and/or acquire the equivalent of the injured, destroyed or lost natural resources and their services and (c) support or further assessment activities. In order to ensure consistency and accountability in documenting, reviewing and approving allowable assessment costs the Trustee Council has developed the following guidelines.
2018-J00-012	Port Angeles Harbor Trustee Council Resolution No. 2	Resolution	Department of Ecology; The Lower Elwha Klallam Trib	7/1/2013	The Trustee Council has declared, in accordance with the Port Angeles Harbor Trustee Council Memorandum of Agreement, that the sole purpose of the Port Angeles Harbor Trustee Council is to assess and achieve compensation for injuries to natural resources of Port Angeles Harbor
2018-J00-023	Port Angeles Harbor Trustee Council Resolution No. 3	Resolution	Department of Ecology, the Lower Elwha Klallam Trib	7/1/2013	The Trustee Council authorizes disbursement of Rayonier's \$110,000 agreed partial payment for the Trustee's Interim Transaction Costs
2018-J00-024	Port Angeles Harbor Trustee Council Resolution No. 4	Resolution	Department of Ecology, the Lower Elwha Klallam Trib	7/1/2013	The Trustee Council authorizes disbursement of Rayonier's \$185,356 advance lump sum funding for the Trustee's Assessment Phase 1 costs.
2018-J00-025	Port Angeles Harbor Trustee Council Resolution No. 5	Memorandum of Agreement	Department of Ecology, the Lower Elwha Klallam Trib	7/1/2013	The Memorandum of Agreement provides the framework for implementing joint damage assessment and restoration actions by the Trustee Council in the Port Angeles Harbor area including the Rayonier Mill Site.
2018-J00-026	Port Angeles Harbor Trustee Council Resolution No. 6	Resolution	Department of Ecology, the Lower Elwha Klallam Trib	7/1/2014	This resolution reflects an understanding the Trustees accept the "Assessment of Natural Resource Service Losses Related to the Rayonier Mill Study Area, Port Angeles, WA" as an accurate reflection of the Trustees' best available knowledge of a) existing conditions, b) contaminant sources, c) approach and models used, and d) range of magnitude of injuries to ecological services provided by natural resources within the Rayonier Study Area at the time of this resolution.
2018-J00-027	Port Angeles Harbor Trustee Council Resolution No. 7	Resolution	Department of Ecology, the Lower Elwha Klallam Trib	7/1/2014	The Trustee Council authorizes disbursement of Rayonier's \$21,963.64 advanced lump sum funding for the Trustee's Assessment Phase 1A costs.
2018-J00-028	Port Angeles Harbor Trustee Council Resolution No. 8	Resolution	Department of Ecology, the Lower Elwha Klallam Trib	7/1/2015	The Trustee Council authorizes disbursement of Rayonier's \$184,330.00 advanced lump sum funding for the First Installment of the Trustee's Phase 4 costs.

2018-J00-043	Superfund Contract between U.S. Environmental Protection Agency and Department of Ecology Relating to Remedial Action and Operation and Maintenance at the Well 12A Operable Unit (OU1) of the Commencement Bay South Tacoma Channel Superfund Site in Tacoma, Washington	Superfund State Contract	U.S. Environmental Protection Agency, Department of Ecology	4/26/2010	This Superfund State Contract is an agreement between the U.S. Environmental Protection Agency and the Department of Ecology concerning activities described in the 2009 Record of Decision Amendment (RODA). The RODA selects a remedial action that fundamentally alters the remedy selected in a previous 1983 Record of Decision, as amended in 1985. The primary purpose of this agreement has been to restructure the U.S. Environmental Protection Agency- Department of Ecology regulatory relationship on National Priorities List sites so the potential for conflicts among staff are minimized, agency resources are conserved, and environmental cleanups are pursued in a faster and more efficient way. This is the third amendment to the SSC. This amendment addresses the repair of a damaged portion of the original sediment cap. Amendment #7: This letter documents an agreement by the United States Environmental Protection Agency and the Washington Department of Ecology on behalf of the State of Washington, to update Appendix B (Statement of Work) of Amendment #6 of the Superfund State Contract for the Wyckoff/Eagle Harbor Superfund Site, Soil and Groundwater Operable Units executed in June 2019. The updated Statement of Work is attached to this letter as Appendix B. Amendment #1 to 1990 agreement: This contract is an agreement between the U.S. Environmental Protection Agency and the State of Washington Department of Ecology to provide for a Remedial Action at the Silver Mountain Mine site, located in Okanogan County, Washington. The purpose of this amendment is to amend the payment provisions and capacity assurance language of the original contract, signed in January 1991. All other contract provisions shall remain unchanged. (see 2018-J00-049)

2020-J00-001	Superfund State Contract Amendment #7 Remedial Action for Wyckoff/Eagle Harbor Soil and Groundwater Operable Unit	Interagency Agreement	Environmental Protection Agency, Department of Ecology	6/15/2020	This Superfund State Contract is an agreement between the U.S. Environmental Protection Agency and the Department of Ecology to provide a Remedial Action at the Commencement Bay Nearshore/Tideflats Superfund Site Asarco Smelter (Operable Unit 02). This Superfund State Contract is an agreement between the U.S. Environmental Protection Agency and the Department of Ecology to document the responsibilities of EPA, as the lead agency, and the Department of Ecology, as the support agency, during remedial actions and includes clauses that outlines the basic purpose, scope and administration of the Contract. This contract documents the responsibilities of U.S. Environmental Protection Agency, the lead agency, and the State, as the support agency, during the interim remedial action and includes clauses that outline the basic purpose, scope and administration of the contract at Boomsnub/Airco. This contract documents the responsibilities of U.S. Environmental Protection Agency, the lead agency, and the State, as the support agency, during the remedial action and includes clauses that outline the basic purpose, scope and administration of the contract for American Crossarm & Conduit. This Superfund State Contract is an agreement between the U.S. Environmental Protection Agency and the Department of Ecology to provide a Remedial Action at the Lakewood Ponders Corner site in Lakewood, WA. This contract documents the responsibilities of U.S. Environmental Protection Agency, the lead agency, and the State, as the support agency, during the remedial action and includes clauses that outline the basic purpose, scope and administration of the contract for Silver Mountain Mine. This Superfund State Contract (SCC) documents the roles and responsibilities of U.S. Environmental Protection Agency, as the lead agency, and the State, as the support agency, and includes provisions that outline the basic purpose, scope, and administration of the SSC, as well as providing site-specific Statement of Work established for each remedial action.
