SOLE SOURCE POSTING

May 8, 2026, 2026

The DEPARTMENT OF ECOLOGY contemplates awarding a sole source contract to DURAG INC to provide four (4) Grimm EDM264 and one (1) spare 11-D instruments.

DEPARTMENT OF ECOLOGY requires a vendor to provide the specific make and model Grimm EDM264 and 11-D in order to fulfill the workplan agreed to between the Department of Ecology and U.S. Environmental Protection Agency funded through this federal grant. DURAG INC is the exclusive vendor of Grimm products and services within the United States and the sole vendor who can provide the required product.

DEPARTMENT OF ECOLOGY will enter into a ONE (1) YEAR contract with DURAG INC. The contract will be issued on or after June 2, 2026, and will continue for a ONE year initial term. The cost of this ONE year contract is \$116,297.91. An additional one (1)-year extension is available by mutual agreement of the parties.

Ecology anticipates the potential need to purchase additional units of the same product within twelve (12) months of contract execution. Accordingly, Ecology reserves the right to amend the contract during that period to acquire additional quantities at the same or a slightly higher unit cost, subject to vendor agreement and available funding.

Offerors contemplating the above requirements are required to submit capability statements detailing their ability to meet the state's requirements within ten (10) working days of this announcement.
