

**PILOT USE LEVEL DESIGNATION TECHNOLOGIES
NOTICE OF INTENT FORM**

Treatment Facility Vendor Information

Company: _____

Street Address: _____

City: _____ State: _____ Zip Code: _____

Phone/Fax: _____

Email and company web addresses: _____

Facility name and size: _____

Development level designation sought _____

Target pollutants: _____

Project Information

Project Name: _____

Street Address: _____

City: _____

Local Agency with Jurisdiction: _____

Project Type: _____

Desired Installation Date: _____

Facility Discharge Receiving Water: _____

Describe Proposed Testing Plan (e.g., number storms, parameters, test period, who will do work, etc.):

Local Government Certification and Acceptance

Signature: _____ Date: _____

Name and Title: _____

WASHINGTON DEPARTMENT OF ECOLOGY

PILOT USE LEVEL TECHNOLOGIES NOTICE OF INTENT FORM

Background Information

Local governments with a National Pollutant Discharge Elimination System (NPDES) permit must submit this Notice of Intent Form to Ecology, and receive Ecology's approval prior to installing a pilot-designated technology (except in retrofit situations). All other jurisdictions are also encouraged to notify Ecology when a Pilot Use Level Designation (PULD) technology is proposed.

Local governments may allow PULD technologies to be installed provided that the vendor and/or developer agree(s) to conduct additional field testing based on the TAPE at all installations to obtain a general use level designation (GULD). Field testing must be completed at a minimum of one site in the Pacific Northwest* to obtain a general use level designation.

* Pacific Northwest refers to locations in Washington, Oregon, Northern California or British Columbia with rainfall distributions typical of a Pacific Northwest maritime climate, where long duration, low intensity storms predominate and stormwater contains mostly silt sized particles.

Submit completed forms to TAPE Coordinator, Washington State Department of Ecology, Water Quality Program, P.O. Box 47600, Olympia, WA 98504-7600. Please allow 30 days for response.
