

Bag Type	Allowed?	Charge	Requirements
 Single-use Plastic Carryout Bags	 Not allowed	N/A	All single-use plastic carryout bags are banned.
 Larger Paper Carryout Bags	 Allowed	\$0.08	Large paper carryout bags are 882 cubic inches or larger. They must contain at least 40% post-consumer recycled content or wheat straw, and they must be labeled with this percentage on the bag.
 Thick Reusable Plastic Carryout Bags	 Allowed	\$0.08	Must be labeled with the mil thickness, the post-consumer recycled content percentage, and the word “reusable” on the bag. They must contain at least 20% post-consumer recycled content.
 Compostable Bags	 Allowed	Allowed	Compostable bags are not accepted at most commercial composting facilities in Washington. Before you offer these bags, reach out to your local composting facility to ensure that they are accepted.
 Green or Brown Plastic Produce Bags	 Not allowed	None	Only compostable bags can be tinted green or brown. No bag can use the following misleading labels: <ul style="list-style-type: none"> • “Biodegradable” • “Decomposable” • “Degradable”
 Plastic Produce Bags	 Allowed	None	Plastic produce bags used by customers in store are exempt from the ban.
 Small Paper Bags	 Allowed	None	Stores are not required to charge for small paper bags (bags smaller than 882 cubic inches). However, all paper bags must meet the 40% post consumer recycled content or wheat straw minimum and be labeled with this percentage on the bag.
 Bring Your Own Reusable Bags	 Allowed	None	Bringing your own clean, reusable bag is the best option. Using your own reusable bag is free.
