

# General Order Application: Stationary and Portable Rock Crushers

## I. Instructions

This application applies state-wide for facilities under the Department of Ecology's jurisdiction. Fill out the form completely to obtain coverage.

- Read the Asphalt Plant General Order. You can get it online at <https://ecology.wa.gov/Regulations-Permits/Permits-certifications/Air-Quality-permits/Air-quality-general-orders>, or call the appropriate regional office (see below) for a copy.
- Answer all the questions and sign and date the application.
- Enclose manufacturer specification sheets for the asphalt plant, including dryer drum, baghouse, burner, and power generators. (N/A)
- Enclose a check to the Department of Ecology for the application fee.
- State Environmental Policy Act (SEPA) Compliance:
  - \$625 application fee** if SEPA review is complete – Include a copy of the final SEPA checklist and SEPA determination (e.g. DNS, MDNS, EIS) with your application.
  - \$981 application fee** if SEPA review is required – If SEPA review has not been conducted, please fill out a SEPA checklist and submit it with your application. You can find a SEPA checklist online at <https://ecology.wa.gov/Regulations-Permits/SEPA/Environmental-review/SEPA-guidance>.

## II. Company Information

461X2903 \$625.00 OCT 01 2024

1. Company Name: Callahan Ag
2. Company Mailing Address (street, city, state, zip):  
P.O. Box 205  
Royal City, WA. 99357
3. Company Phone #: (509) 346-2208
4. Company Fax #: (509) 346-9203
5. Company Contact Person, Title: Paul Davies
6. Contact Person Phone #: (509) 989-6752
7. Contact Person Email Address: paul@callahangravel.com

### III. Plant Information

1. Plant Name (A separate application must be filled out for each plant):  
Main Plant
2. Plant Operator: Paul Davies
3. Plant Operator's Cell Phone Number: (509) 989-6752
4. Plant Hourly Capacity (tons per hour): 100
5. Maximum plant hourly capacity (tons per hour): 100
6. Are water spray bars or equivalent installed at all crusher discharge points and before all fines drop points?:  Yes  No
7. Will the plant be located a minimum of 150 feet from the property line?  Yes  No

#### A. Stationary Plants:

Check this box and fill out this section if you are initially locating your rock crusher as a stationary source

1. Facility location (If different from company mailing address):  
15587 Rd A. SE, Royal City, WA 99357
2. County: Grant
3. Do you have pressurized line water supply?  Yes  No
4. Will line power be used? (If line power is not used, a separate Notice of Construction air quality permit is required for power generators.):  Yes  No

#### B. Portable Plants

Check this box and fill out this section if you are initially locating your rock crusher as a stationary source

1. Temporary Location Information: (Please include information for your next anticipated operating location)

Quantity of Material to be produced: \_\_\_\_\_ tons

Intended Dates of Operation: From: \_\_\_\_\_ To: \_\_\_\_\_

Site Name: \_\_\_\_\_ County: \_\_\_\_\_

Legal Description: Quarter \_\_\_\_\_ ; Section \_\_\_\_\_ ;  
Township \_\_\_\_\_ ; Range \_\_\_\_\_

2. Provide manufacture specification information on any power generators listed below. Attach additional sheets if there are more than 4 units:

Parameter	Data for Engine 1:	Data for Engine 2
Engine manufacturer:	_____	_____
Model:	_____	_____
Year of Manufacture:	_____	_____
Serial Number:	_____	_____
Engine size (bhp):	_____	_____
Max electrical output (kWe):	_____	_____
Height of exhaust stack (ft):	_____	_____
Fuel:	_____	_____
Maximum hourly fuel (gal/hr):	_____	_____

3. Do you have a stationary water storage tank, separate from your primary water truck? *(Note: If you do not have a stationary water storage tank separate from your primary water truck, you will need to have a pressurized line water supply available at every location you operate)*

Yes  No

a. If yes, what is the storage capacity of your water storage tank? 2500 gallons

#### IV. Equipment Information

Use a separate sheet if additional equipment not listed below is used at this rock crushing plant.

Process	Equipment Description (Manufacturer, model, size)	Identification (Equipment ID or serial number)	Date Purchased	Capacity (Tons per hour or as noted)
1. Primary jaw crusher	Pioneer 1536	KLN3583	1992	100
2. Scalping screen	Link Belt CA 2512	122Z49EB	1992	100
3. Secondary crusher	KPI 40X22 Roll Crusher	4250-585	1992	100
4. Sizing screen	UNIVERSAL 516F2-4-5 5 x 14	805X1479	1992	100
5. Tertiary crusher	KPI 40X22 Roll Crusher	Unknown	1992	100
6. Fines screen				
7. Aggregate storage bins (if applicable)				

Process	Equipment Description (Manufacturer, model, size)	Identification (Equipment ID or serial number)	Date Purchased	Capacity (Tons per hour or as noted)
8. Portable water storage				
9. Conveyors (Use separate sheet to list all)	Listed on separate sheet			
10. Other equipment (Add additional sheets as necessary)				
11. Other equipment				
12. Other equipment				

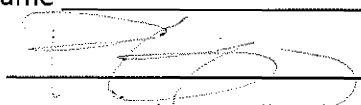

#### V. Signature Block

I certify, based on information and belief formed after reasonable inquiry, the statements and information in this application are true, accurate, and complete.

Printed Name **Paul Davies**

Title **Owner**

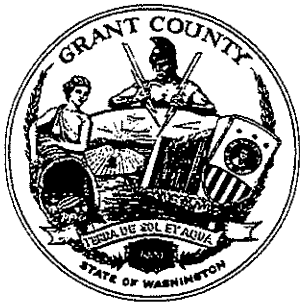

Signature

Date

**9/24/2024**

To request ADA accommodation, call Ecology at (360) 407-6800, 711 (relay service), or (877) 833-6341 (TTY).

**Description of**

*Paul*

with rock crusher, and  
d/or Concrete Batch Plant  
zone.

**Proponent:**

, Royal City, WA 99357

**Location of Proposal:**

15587 Road A SE. In a portion of the SW ¼ of Section 20,  
Township 16 N, Range 27 E WM.

**Lead Agency:**

Grant County, Grant County Courthouse, P.O. Box 37,  
Ephrata, WA 98823

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment subject to the stipulated mitigation measures listed below. An Environmental Impact Statement (EIS) is not required under RCW 43.21C.030 (2) (c). The decision was made after review of a completed checklist and other information on file with the lead agency. This information is available to the public upon request.

**Findings:** The proposal is a project action under SEPA. It is not within an Urban Growth Area. The proposal is not in a Critical Area as defined by the Grant County Resource Lands and Critical Areas Development maps. Current zoning of the property is Agriculture. The site is not located in a Farm Unit and does not receive irrigation water from the Columbia Basin Project. The proposed use is an allowed use in the Agriculture zone with a Conditional Use Permit (CUP). The proposal has an existing CUP issued in 1991 and has requested a new CUP for an expanded operation.

**Required mitigation measures:**

1. Development shall be in compliance with the Growth Management Act, The County-Wide Planning Policies, The Washington State Environmental Policy Act, the Grant County Comprehensive Plan, the Grant County Unified Development

Code, and all applicable local, state, and federal regulations, rulings or requirements.

2. Owner/Operator shall comply with all applicable requirements of the Grant County Fire Flow guidelines and the Uniform Building Code. Any new structures will be subject to permit requirements and compliance per Grant County Ordinance # 98-178 CC. Any new fuel storage on the site is subject to permit requirements and compliance with the 1997 Uniform Fire Code and related standards.
3. Owner/Operator shall comply with all improvements required by the Grant County Department of Public Works including, but not limited to maintenance of the road during hauling operations. Maintenance to include grading of the road surface, replenishment of gravel, and dust control.

Owner/Operator shall improve the County Road A and SR-26 intersection to the standards required by the vehicles using their site. This work should be coordinated with the Grant County Public Works Department and Washington State Department of Transportation.

4. Owner/Operator shall comply with all requirements deemed necessary by the Grant County Health District, the Washington State Department of Health, and the Washington State Department of Ecology regarding domestic water supply, sewage systems and storm water control and treatment including, but not limited to: RCW 90.48.080 Discharge of Polluting Water Prohibited; WAC 173-201, Surface Water Standards; WAC 173-201A, Ground Water Quality Standards and WAC 246-272, On-Site Sewage Systems.
5. If any Native American Grave site(s) or archaeological/cultural resources (Indian Artifacts) are found all construction activity shall stop and the owner/developer shall immediately notify the Colville Confederated Tribes and the Washington State Office of Archaeology and Historic Preservation.
6. Owner/Operator shall comply with the Washington State Clean Air Act, including but not limited to provisions of the Washington Administrative Code (WAC) 173-400-040(2) which states: "No person shall cause or permit the emission of particulate matter from any source to be deposited beyond the property under direct control of the owner(s) or operator(s) of the source in sufficient quantity to interfere unreasonably with the use and enjoyment of the property upon which the material is deposited." and WAC 173-400-040(8) which states: "The owner or operator of a source of fugitive dust shall take reasonable precautions to prevent fugitive dust from becoming airborne and shall maintain and operate the source to minimize emissions." In addition, WAC 173-400-110(7) states that a portable air pollution source, which locates temporarily at a specific site, must provide the following information to the Department of Ecology:

- a) Notification of intent to operate at least 30 prior to commencing operations;
  - b) Sufficient information to enable Department of Ecology to determine that the operation will comply with all emission standards;
  - c) Information showing the proposal will not cause a violation of any applicable ambient air quality standards.
7. Owner/Operator shall obtain a Department of Natural Resources Surface Mine Reclamation Permit.
  8. Owner/Operator shall institute a Department of Natural Resources Re-vegetation Plan.
  9. Asphalt Plant shall have operational Bag House attached at all times.
  10. Asphalt/Concrete Plant shall be located on a concrete containment pad.
  11. Owner/Operator shall utilize dust control measures on site and on the County road to minimize dust to the greatest extent possible.
  12. Owner/Operator shall minimize impacts to wildlife by disturbing only those areas necessary for operation.
  13. Owner/Operator shall operate mining and associated activities during day light hours only.
  14. Owner/Operator shall not store open flammables on site.
  15. Owner/Operator shall maintain the site such that debris and weeds do not accumulate in order to decrease the risk of fire.
  16. Owner/Operator shall maintain equipment in serviceable repair.

**MDNS Comment Period:**

This MDNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 15 days from the date below. **Comments must be submitted by October 31, 2000** to the Responsible Official.

Pursuant to WAC 197-11-340(2f) the SEPA Responsible Official may reconsider the MDNS based upon timely comments and may retain, or modify the MDNS, or if the Responsible Official determines that a significant impact is likely, withdraw the MDNS or supporting documents. If an MDNS is modified, the lead agency will send the modified MDNS to agencies with jurisdiction.

**Responsible Official:** Damien Hooper  
Grant County Planning Department  
P.O. Box 37, Ephrata, WA 98837  
(509) 754-2011 ext. 625

**Date:** October 16, 2000

**Signature:**

A handwritten signature in black ink, appearing to be 'Damien Hooper', written over a horizontal line. The signature is stylized with a large loop and a long horizontal stroke extending to the right.

**Appeals:** You may appeal this determination to the Grant County Board of Commissioners located at the Grant County Court House, P.O. Box 37, Ephrata Washington, no later than **November 14, 2000** by written notice of appeal pursuant to the requirements of the Grant County SEPA Ordinance. You should be prepared to make specific factual objections. Contact the Responsible Official to read or ask about the procedures for SEPA appeals.
