NEW WEBSITE ESTABLISHED TO PROVIDE DAILY OPERATIONAL SUMMARIES FOR THE DAVY CROCKETT RESPONSE

PORTLAND, Ore. – Wash. State Dept. Ecology and the U.S. Coast Guard are maintaining a website providing information on response operations for the barge Davy Crockett on a daily basis. This information will include statistical resource data as well as operational summaries. You can access the website at the following link - <http://www.ecy.wa.gov/programs/spills/incidents/DavyCrockett/DavyCrockett.html>

Major milestones and other significant developments will continue to be released via press releases on the Coast Guard's PIER System.

Please address all questions or information requests to either Lt. j.g. Charles Taylor, MSU Portland's Public Affairs Officer, at (503) 240-9370 or Ms. Kim Schmanke, WA DOE's Public Information Officer, at 360-791-9830.
