

**STATE OF WASHINGTON DEPARTMENT OF ECOLOGY  
NOTICE OF APPLICATION TO CONSTRUCT AN AIR POLLUTION SOURCE**

Ecology received an application to revise a Notice of Construction Approval Order for an existing air pollution source in Quincy, Washington. Yahoo! Inc. operates a data center complex at 1500 M Street NE and 1010 Yahoo Way in Grant County. Yahoo requests an administrative change to its Approval Order No. 16AQ-E012. The amended permit includes revisions to installation scheduling, updates to the facility name, and also minor corrections for consistency with the original December 23, 2015 application. Ecology's preliminary determination is that this proposal conforms to all requirements as specified in state air regulations (Chapter 173-400 WAC, Chapter 173-460 WAC). The public is invited to comment on this project proposal. A public hearing will be held if Ecology determines there is significant public interest.

Documents related to the project are available for public review at the following locations:

- Online at [www.ecy.wa.gov](http://www.ecy.wa.gov), search "Data centers and air quality"
- City of Quincy, 115 1st Ave SW, Quincy, WA 98848
- Quincy Library, 208 Central Ave S. Quincy, WA 98848

**Written comments will be accepted from August 8, 2017 through September 8, 2017. Submit comments:**
