

Certificate of Compliance: For Compliance Deadline: February 1, 2023 Per- and Polyfluorinated Alkyl Substances (PFAS) in Plant Fiber-Based Food Packaging

As of February 1, 2023: Manufacturers that produce wraps, plates, food boats, or pizza boxes must fill out this certificate and:

- Keep this certificate as long as the packaging is in use.
- For three years after its last sale or distribution.
- This certificate must be provided if requested.

Our food packaging or packaging component is in compliance with the Washington State RCW 70A.222.070 as described in [Ecology's First Alternatives Assessment](#).

- Attached to this certification is a list of all products included in this certification, including the brand, product name, and UPC or similar identifying code under which it is sold.
- (Optional) Attached to this certification is a documentation that the packaging or packaging components do not contain any intentionally added PFAS chemicals.

Food packaging manufactured by our company is not sold in Washington State.
