Effective date of rule:

Emergency Rules

☒ Immediately upon filing.

☐ Later (specify) _____

Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?

☒ Yes ☐ No If Yes, explain: Issuance of a formal Emergency Drought Declaration, directed by the Governor and signed by Ecology Director

Purpose:

The Department of Ecology is adopting an Emergency Drought Funding rule for chapter 173-167 WAC. This emergency rule describes grant applicant and project criteria for grant funds to alleviate hardship resulting from the currently declared drought.

This emergency drought funding rule is being adopted again to keep the Drought Response Grant open, which will allow eligible public entities to continue to apply for grant funds to alleviate hardship resulting from direct drought impact. If needed, Ecology may adopt subsequent emergency rules until the permanent drought relief rule is adopted.

Under the authority of RCW 70A.02.120(2), the director of Ecology determined the emergency rule filing is exempt from the requirements of RCW 70A.02.060, including the requirement to complete an environmental justice assessment. The director determined that any delay in adopting this emergency rule would be likely to cause serious harm to the public interest.

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

☒ That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

☐ That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: An emergency rule is necessary to protect public health and safety and promote timelines that are in the interest of the public. With the rule in place, Ecology may distribute funds to alleviate hardship caused by drought. To address these impacts, drought funding needs to be administered in a timely manner.

Note: If any category is left blank, it will be calculated as zero. No descriptive text.
